

An Ideal Solution For Webcasts and Other Live Programming

Place a show host and other talent into virtual set that looks and feels like a practical environment.

Choose from dozens of handsome pre-rendered sets or have one custom built for your show.

External camera feeds can be patched into the set for remote interviews.

Conduct live conversations with guests located anywhere in the world!

Shows can be streamed live or recorded for later webcast or broadcast.

Webcast facility includes professional grade lighting and multiple hd cameras.

Add graphics and titles, mix audio and apply multi-channel video effects on the fly.

Suitable for one-time events or ongoing series.

Cut costs while boosting production value.

Virtual Production System includes Live Streaming, Internal and External Recording Capabilities
